MS0: Expectations

- We all show equal commitment to our objective.
- We all take part in deciding how work should be allocated.
- We are committed to helping each other learn.
- We acknowledge good contributions from team members (and when someone needs to contribute more).
- We handle disagreements and conflicts constructively within the team.
- We are able to give constructive criticism to one another and to accept it ourselves.
- We all turn up to meetings and stay to the end. If we cannot stay to the end due to prior conflicts, we will do our best to either make up the work afterwards, or better yet, have extra done before the meeting.
- We are good at making sure that everyone knows what's going on. If not, we will sit down and clarify and discuss until everyone understands.
- When one of us is under pressure, others offer to help them.
- We trust each other.
- We remain united even when we disagree. We will sort out disagreements in a civilized, professional manner.
- We support each other to outsiders.
- We feel comfortable and relaxed with one another.
- We will have fun building our project!
